

Higher-Quality Materials Are Found at Home

Since 1985, Drexel Metals has been a trusted provider of superior-quality metal roofing systems, equipment and custom fabrication services. Unlike other metal roof manufacturers, Drexel Metals has built its first-rate reputation by using over 99% American-made and sourced products.

U.S. roofing professionals who turn to Drexel Metals can rest easy knowing they are backed by American steel and aluminum and a shared commitment to the highest standards of quality and value.

With Drexel Metals, you can count on:

- Higher-quality, American-made products, which means a longer-lasting roof.
- Nationwide manufacturing locations and local stock.
- Shorter lead times to meet increased demand.
- Roofing materials that are consistently durable, beautiful and delivered on time.
- A company that supports American jobs and local economies.
- A national network of local manufacturer and installers that take pride in American-made products.
