

BUILD LIKE A PROFESSIONAL

Metal Depots prefabricated Professional Series steel buildings are ideal for a number of applications, including anything from hobby shops to garages to commercial real estate. They are also incredibly durable, with the ability to withstand winds of up to 140 mph. The sturdy bolt-together frame requires no welding, allowing for easy assembly of your new Professional Series structure.

PROFESSIONAL SERIES

Professional Series buildings are masterfully designed and built to last.

DESIGNED TO FIT YOUR NEEDS

The Professional Series is available in multiple standard sizes: the Classic, the Craftsman, the Sportsman, the Executive, and the Rancher. Our Professional Series provides you with a quick and economical way to meet your specific needs and usage requirements. Since there is a broad selection of accessories available, you can configure your building exactly the way you want it. Additionally, our Professional Series includes a detailed building installation guide, technical support information, and in-store associate support during the erection of your new metal building.

THE BUILDING KIT INCLUDES:

- Bolt-together frame
- PBR metal roof and wall panels
- Color trim package
- Available in 14 standard Signature® 200 colors
- All screws, closures, bolts and tape sealants as necessary
- Detailed erection drawings
- Engineered sealed drawings for permitting

AVAILABLE SIZES:

- Classic: 30' x 30' x 10'
- Craftsman: 30' x 40' x 12'
- Sportsman: 30' x 50' x 12'
- Executive: 40' x 50' x 14'
