

Ultra HT Wind & Water Seal® Co-Branding Program

Partner with MFM to Explore a Marketing Opportunity on our Premium Underlayment – Ultra HT Wind & Water Seal®

Co-Branding Program Details:

Increase your brand awareness with contractors, builders, sub-contractors and the general public.

The product is imprinted with your logo (dominant graphic), as well as the Ultra HT/MFM logos.

- ◆ Minimum order size of one truckload – 810 cartons
- ◆ Initial and replacement print die costs are the customer's responsibility
- ◆ No additional charge for printing
- ◆ Product is shipped in Ultra HT cartons with a special carton sticker designating your company name
- ◆ MFM carries 10-year limited warranty
- ◆ Customized Technical Data Sheet available with your company logo
- ◆ Made in the USA

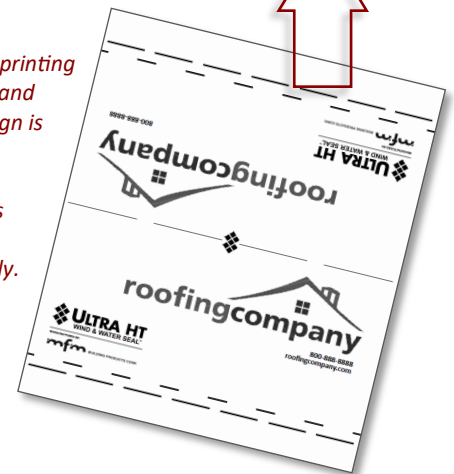

Custom Printing!

MFM can design an individual printing plate with your company logo and contact information. Each design is customized for your company.

Cool white film allows graphics to pop-off surface for great visibility! Printing is 1-Color only.

Co-branding must include the Ultra HT and MFM logos. Laylines and other features can be designed as needed.

Available Ink Colors:

Contact your local MFM sales representative for more details and pricing information.

For the most current Installation Instructions, Warranty, Technical Specifications and Approvals, visit our website. Refer to our website for full details on our UL Listing and roof deck assembly requirements.

Ultra HT is a self-adhering, steep slope roofing underlayment designed to take the heat of metal and tile roofing systems. Product is rated to 250°F and self-seals around common roofing fasteners. Visit our website to request a FREE sample today.
